

**IN THE SPECIFICATION:**

Kindly amend the specification at page 1, as follows:

The present invention is related to the following commonly-assigned, copending application:

“Direct Drive Programmable Class A and B High Speed Power DAC”, filed on even date and assigned application Serial No. 09/737,474 (Attorney Docket No. MP0035, now U.S. Patent No. 6,462,688), the contents of which are incorporated herein by reference.
